product to service

Hydroblast 200H Plus

Professional Hot Water High Pressure Cleaner

- **Maximum Performance:** Delivers maximum temperature of up to 140°C and a pressure of 200 bar for effective cleaning.
- **Durable Triplex Pump:** Equipped with a ceramic-coated piston and a connecting rod system, ensuring extended operational life and durability.
- **Brass Pump Head:** Corrosion-resistant brass head enhances pump reliability and longevity.
- **Effective display with Pressure Adjustment:** Shows real-time temperature, and pressure readings for easy monitoring while offers precise control over pressure settings for varied cleaning applications.
- **Input Water Filter:** Provides protection against impurities to ensure efficient pump operation and cleaner output.
- **Motor Protection:** Includes a thermal protector for the motor to prevent overheating and ensure long-term performance.
- **Versatile Nozzles:** Comes with 4 interchangeable nozzles and an integrated chemical dosing system for optimal cleaning.
- **Total Stop System (TSS):** Automatically shuts off the pump when trigger not in use, helping to conserve energy and enhance safety.
- **Energy Efficient:** Designed to minimize power consumption while maintaining performance.

Technical Specification:

Description	Unit	Hydroblast 200H
Supply voltage	V / P / Hz	380/ 3 / 50
Working pressure	bar	200
Motor power rating	HP	7.5
Total power	kw	5.5
Pump speed	rpm	1450
Max Temp-water inlet	°C	40
Max Temp-water outlet	°C	80- 90
Max flow rate	l/m	15
Connection		S1
Motor Insulation		F class
Motor Protection		IP 55

*Tolerance Limit =±5%

Accessories:

Gun with trigger

Hose

Lance

Nozzles

Suitable Application:

Pharma Industries
Large Kitchens
Agro / Dairy/
Food Processing Industries
Automobile Industries
Construction Sites
Logistics Industries
